

ANNOUNCING OUR REMOVAL

On next Monday, January 10th, I will move the Famous Grocery from its present location on South Main Street to the building on North Main Street now occupied by the Johnson & Sullivan Grocery Company.

There we will be glad to continue to serve our friends and customers with Honest Groceries at Honest prices, and the same courteous treatment. Come in and see us and let us help you cut the High Cost of Living.

DON'T FORGET OUR NEW LOCATION—

CLOVIS, NEW MEXICO

Over fifty years ago a young physician practiced widely in a rural district and became famous for his uniform success in the curing of disease. This was Dr. Pierce, who afterwards established himself in Buffalo, N. Y., and placed one of his prescriptions, which he called "Golden Medical Discovery," in the drug stores of the United States so that the public could easily obtain this very remarkable tonic, corrective and blood-maker. Dr. Pierce manufactured this "Discovery" from roots and barks—a corrective remedy, the ingredients of which nature had put in the fields and forests, for keeping us healthy. Few folks or families now living have not at sometime or other used this "Golden Medical Discovery" for the stomach, liver and heart. Over twenty-four million bottles of this tonic and blood remedy have been sold in this country.

TELEPHONE DIRECTORS HOLD MEETING

The Board of Directors of the Curry County Telephone Co. met in Clovis Wednesday, Dec. 22, at 1:30 p. m., pursuant to call. The following members were present: Jno. Smithson, E. M. Pipkin, A. P. Lofton, S. E. Hill, John Byrne, J. A. LaRue, Joseph A. Smith and W. B. Cramer. J. E. Lindley, on motion, was duly

elected as a member of the Board from Clovis to fill vacancy.

The Board was thereupon organized by electing W. B. Cramer president and J. E. Lindley vice-president.

The financial report of D. W. Jones, secretary-treasurer was read and at his request an auditing committee composed of L. C. Petree, J. C. Nelson and L. B. Gregg was appointed by the chair to audit the books.

The manager was authorized to permit the installation of telephones on the No. 12 line between Clovis and Claud up to ten phones, on the parties executing the contract to pay a monthly rental of \$1.50.

On motion, the manager was authorized to install six additional toll stations at such places as might best serve the interests of the members of the company.

The chair appointed G. P. Kuykendall and W. I. Luikart to assist W. B. Cramer and J. E. Lindley to raise the balance of the quota due from Clovis on the Pleasant Hill lines.

The manager requested the Board to elect a new manager at the earliest possible date. After the discussion the matter was postponed until the next meeting of the Board.

The directors were instructed to collect the balance of the subscriptions to the stock of the company so that same would be available for the purpose of paying for material at once. The manager was instructed to visit each community and assist in the planning of party lines and the disposal of telephone boxes.

No further business appearing the meeting adjourned until Wednesday, January 12, 1921, at 1:00 p. m., sharp.

The United States manufactured \$80,000,000 worth of the \$100,000,000 worth of toys sold in this country.

Boys' and Girls' Club Corner

By Mrs. Edna Hume Durand
County Club Leader

May the New Year with its wealth of opportunity open the way for greater achievement for the boys and girls of Curry County. Let this year be a year of accomplishment; a year of growth; a year of worth.

A Club Member's Resolution:
"To actually do what lies before me with an enthusiasm and intelligence that will mark me as one who has a pride in himself, his home and his community."

Mr. C. H. DeLozier, father of Vivian, Irene, and Louisa, club members at Pleasant Hill, has been quite ill but is reported as improving.

Prof. and Mrs. Freeman, Ranchvale, were office callers Wednesday of last week.

The Grady team's faces are becoming known to the unknown. Last week they appeared in the Farm Boys and Girls Leader, one of the Meredith publications.

Rex Matthews' father who was injured in a runaway and is under the care of the nurses at the Baptist hospital, is improving but still unable to be taken to his home.

The Hot Lunch.
Pa warms the milk for the little calf, Ma heats the food for the chicks; They eat a hot dinner at noontime, too.

But my lunch is as cold as bricks.

We have a hot lunch at our school now—
Cocoa and soup as hot as the chickens.

We fill up our cups as we pass along. They've decided now we're as good as the chickens.

—Varey D. Miller in Idaho News Letter.

Judge J. D. Hamlin of Farwell was an office caller Wednesday of last week. The club boys and girls have a real friend in Judge Hamlin.

To Poultry Members.
The Iowa Experiment Station recommends the following for winter egg production:

Feed a dry mash in a hopper—one part ground corn, two parts ground oats, three parts tankage.

Scratch grain in litter—one part corn (whole or cracked), two parts oats. In addition to the above the ration should include green foods, such as beets, cabbage, sprouted oats, and an abundance of fresh warm water.

Milk may be substituted for the tankage without loss in egg production.

To the Canning Girls

Send for your favorite seed catalogue now and begin to plan your garden so that there will be variety in your exhibit. Be sure to include carrot and cauliflower—both are easily grown and give a beauty to mixed pickles (and an added food value) that can not be surpassed.

A simple hot bed can be made of a convenient sized box placed in a sunny window. Grow your own tomato, cabbage and cauliflower plants. Pansies and nasturtiums may be

"The whole problem of our lives rests within ourselves."

"The glory of life is to love, not to be loved; to give, not to get; to serve, not to be served."

"The boy or girl who has a bank account has already started on the ultimate road to success."

A Boy's Complaint.
There's lots of work about a farm, For a boy like me to do. I sometimes think I'll just wear out, I never do get through!

It's "brother, please do get some eggs," And, "brother, bring the wood." Then, "Get some water from the well, Now, run along, be good."

I just get started off to play When some one calls me back; They've thought of something else they want,

And I must up and pack. And out of doors it's just the same— Dad wants me to plant seed And carry water to the hands And then the hogs to feed.

It just takes all the time I have To humor all their whims. Two boys could hardly do it all— I wish I'd been born twins.

—Farm Boys and Girls Leader.

A film is being reproduced of the club activities at the International Stock Show and will be released some time during the year. It is entitled "The Visit of The Victors."

"In these days of extravagance and waste every boy and girl should make the acquaintance of a local banker and begin a savings account."

Poultry bulletins that have lately been issued are No. 1106—"Incubation of Hen eggs." No. 1110—"Lice, mites and cleanliness." No. 1116—"Selection and care of Poultry Breeding."

These are all written with special concern for the boys' and girls' club work—are simple and briefly explained with some very good illustrations. Better send for them early. Don't forget that it is the early bird that makes the best show bird.
